ENERGY EFFICIENCY & HURRICANE PROTECTION

FOR HOMEOWNERS

It's Simple. It's Smart. It's Affordable.

MIAMI SHORES • SOUTH MIAMI • PINECREST
CUTLER BAY • PALMETTO BAY

The revolutionary new way to finance hurricane protection and clean energy home improvements.

CLEAN ENERGY GREEN CORRIDOR
BY YGRENE

The cities of the Green Corridor have made it easy for you to obtain financing so that you can improve the performance of your home, save energy and live in a healthier, safer environment.

Now you can replace that old air conditioner, get the hurricane shutters that you've always wanted, or replace that unreliable water heater without having to worry about where the cash will come from. Projects will increase the value of your home and can produce big savings.

MAKE YOUR HOME SAFER, HEALTHIER & MORE EFFICIENT.

Clean energy improvements can put cash in your pocket by saving you more money than they cost. With Clean Energy Green Corridor, you can finance all types of clean energy and hurricane protection improvements, including:

- Solar panels
- Hurricane windows and shutters
- Roof strengthening measures
- Air conditioning and heating systems
- Water heaters
- Weatherproofing
- Insulation
- Pool pumps
- Energy efficient roofing
- Lighting
- And many more

ABOUT CLEAN ENERGY GREEN CORRIDOR

DID YOU KNOW...

that most older homes have leaky ducts and 60% of the home's air comes from the crawl space? Poor indoor air quality has been linked to various chronic health concerns, such as asthma, headaches, fatigue, and respiratory inflammation.

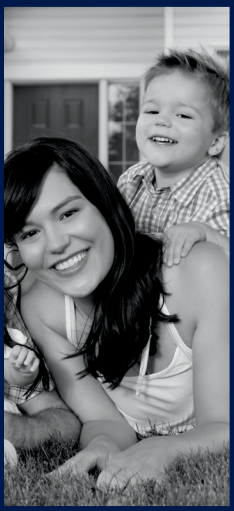
IT'S AFFORDABLE

It is now possible to improve the value and comfort of your home without tapping into your household budget. Clean Energy Green Corridor gives you the money you need to make energy efficiency, renewable energy and hurricane protection upgrades now.

- Easily qualify for financing of up to 20% of your home's value
- Projects can pay for themselves with the money you save on utility bills
- Little to no up-front cost
- Low payments spread out over up to 20 years
- No impact to your credit, and participation is not credit-based

IT'S SIMPLE

Access to funding is fast, efficient and easy.



1. Sign up via **www.flgreencorridor.com**
2. Apply online and qualify for financing in minutes
3. Choose your contractor from a comprehensive database of trained and certified local professionals
4. Make the clean energy and hurricane protection improvements of your choice
5. Repay the financing through your property tax bills over periods of up to 20 years

IT'S SMART

Enjoy the many benefits of an efficient and hurricane protected home with no out-of-pocket costs.

- Lower your utility bills
- Increase your home's value
- Help create a cleaner environment
- Protect your home from hurricanes
- Save on hurricane insurance
- Improve the air quality and comfort of your home

Your home is a long-term investment, and the simplest way to boost its value is through energy improvements. Efficient homes are less expensive to maintain, more comfortable and help the environment. Hurricane-protected homes are safer and save money - both on insurance and in case of a storm.

START SAVING TODAY

“ Energy-efficient homes have higher home values and sell at higher prices than their non-efficient neighbors. ”

— The Appraisal Institute, Chicago, IL

IT’S EASY TO PARTICIPATE:

1. Apply
2. Choose your certified contractor
3. Design your project
4. Get money
5. Save energy and protect your home
