**IMPORTANT NOTICES:**

1. **DO NOT BEGIN ANY WORK WITHOUT HAVING RECEIVED YOUR VALIDATED PERMIT.** Applying for a permit does not grant the right to begin construction.
2. All contractors working within the limits of the Village are required to be registered with the Village, including current license and insurance.
3. Hours of construction are 7:00 a.m. to 7:00 p.m., Monday-Saturday. No work permitted on Sundays or holidays without prior authorization, except for emergencies.
4. No inspections will be conducted on weekends or holidays.
5. If road closure required, then construction permitted 9:00 a.m.-3:30 p.m. only. Notify Pinecrest Police (305-234-2100), Pinecrest Public Works (305-669-6916) and Miami-Dade Fire (786-331-5000) 48 hours in advance. Lane(s) must be clear of equipment/material before and after these hours. No exceptions unless approved by Pinecrest Public Works or in the event of emergencies.
6. Construction Guarantee required for all construction within rights-of-way and may be an Irrevocable Letter of Credit or a cash deposit into the Village Escrow Account. Construction Guarantee is based on 125% of the total value of the proposed work within the public right-of-way as determined by the Village. Construction Guarantee will be held for one (1) year from the date of final inspection. FPL, AT&T, Miami-Dade Water & Sewer and other Utility companies are exempt from the Construction Guarantee requirement.

11. Equipment and materials shall be stored within private property, not on public rights-of-way.
12. Open utility cuts are not permitted unless absolutely necessary. Directional bore or torpedo method is preferred. If asphalt must be cut, a patch must be 10 feet wide minimum and all utility cuts will require full lane width restoration at a minimum.
13. Do not discharge water into rights-of-way or storm drains without prior approval from Pinecrest Public Works.
14. **INSPECTIONS: To request a Public Works inspection, call 305-234-2111. Inspections are required, including a final inspection, upon completion of the project in order to close the permit.**

16. All construction undertaken with this permit shall be in strict compliance with the approved plans, the Pinecrest Public Works Standards & Specifications, and the Miami-Dade County Public Works Department Manual of Design & Construction.
17. As-built plan (hard copy and CAD file) must be submitted to this office prior to final inspection.
