Public Hearing Application	

I. Purpose and Intent

This **Development Review Process Handbook (DRPH)** is a summary of the Village's Planning Division administrative and public hearing review and approval processes. This document is intended to provide residents, businesses, contractors, developers and attorneys with a better understanding of the Village's review processes. This is simply a user-friendly guide to aid people with their projects.

Although the Village of Pinecrest Land Development Regulations (LDRs) contains nine articles and many divisions, for development purposes, this document includes only those Code sections that involve public hearing processes. Again, the Handbook is meant as a summary guide of the review processes; additional information must be found in the LDRs.

FREQUENTLY ASKED QUESTIONS

Do I need a permit to cut down or relocate a tree? The answer is YES. Until recently, all tree related permits were handled by Miami-Dade County DERM. Today, the Village of Pinecrest has the authority to issue Tree Removal and Relocation Permits. The application may be downloaded from our web site at www.pinecrest-fl.gov or picked up at the Pinecrest Municipal Center in the Planning Division located at 12645 Pinecrest Parkway

on the 3rd floor.

The process of getting a tree permit is easy. If you plan to remove or trim a tree, even if it is dead or diseased, please take the time to call Village staff to ensure that your plans comply with the applicable landscape regulations. This will help the Village reduce the illegal removal of trees and preserve the environment for future generations. If you have any questions please contact our Planning Division at 305-234-2121 or by email planning@pinecrest-fl.gov

WHAT ABOUT A ROOM ADDITION?

If you want to add a room, pool house, or garage to your home, you will need a building permit. To obtain a permit you must first submit two (2) sets of signed and sealed plans (plans can be drawn by either an architect or an engineer). Please verify with our Building Division to obtain the "Checklist for Plans Submittal," and to answer any questions you may have before embarking on your project. You can find a flowchart of the review process in the last page of this handbook.

WHAT ABOUT A NEW POOL, A DECK, OR A SHED?

Yes, you also need a permit for a new pool, a deck, or a shed. These structures are also referred to as accessory structures, and while they may not be as complex as a room addition, you must submit the same information that is required to obtain the permit.

WHAT ABOUT A FENCE?

If you want to install a fence on your property, we recommend you call our Planning Division first to obtain information about fence locations (setbacks), permitted height, etc. Yes, a permit will be required. You will need two sets of signed and sealed property surveys and the fence specifications. Please be advised that there are fence height restrictions. For more information please call us.

WHAT OTHER WORK REQUIRES A PERMIT?

Generally, any work that involves electrical, plumbing, structural, or mechanical requires a permit. However, if the permit only involves building i.e., repairing a partition wall not exceeding \$500, then a permit is not required. Additionally, roof repairs of less than \$300 will not require a permit.

WHAT ABOUT ACRONYMS? I CANNOT UNDERSTAND THE ACRONYMS USED IN BUILDING AND PLANNING....

You will find several acronyms in this handbook. To facilitate your understanding of the acronyms used in the building, planning or zoning fields, we have provided the following list of those most commonly used:

Agencies:

1. DCA: Department of Community Affairs
2. SFWMD: South Florida Water Management District
3. DERM: Department of Environmental Resources and Management
4. DRT: Development Review Team
6. FPL: Florida Power and Light
7. MDPS: Miami-Dade County Public Schools
8. MDRF: Miami-Dade Fire Rescue
9. WASA: Water and Sewer Authority

Terms:

10. LDRs: Land Development Regulations
11. CDMP: Comprehensive Development Master Plan
12. FFE: Finished Floor Elevation
13. BFE: Base Floor Elevation
14. FAR: Floor Area Ratio

WHAT IS A VARIANCE?

In simple terms, a variance is a modification or variation from the requirements of the LDRs. With the exception of parking and flood related requests, which are heard by the Village Council, variance requests are heard by the Zoning Board. A typical example is when a variance is needed for an addition that is encroaching on the front, side or rear yard setbacks; for height restrictions; size and/or FAR. Variances are also sought for driveways to be located less than five (5) feet from the side yard property line. In summary, any time there is a proposed change/modification to the provisions of the LDRs, a Variance must be sought. There are seven (7) criteria (see Division 3.5 of the Village's LDRs) that must be met for a variance to be granted. For more information on variances please go to [page 10](#) of this handbook.

WHAT IS A CONDITIONAL USE?

A Conditional Use is a use permitted under a zoning district **only if** the use meets the criteria set forth in Division 3.3 of the LDRs. Conditional Use requests are always accompanied by an official application, a site plan, traffic analysis, and other supporting documentation. A Conditional Use request is always heard by the Village Council and subject to the public hearing process.

WHAT IS A PUBLIC HEARING?

A public hearing is a meeting open to the public, with proper notice given to surrounding property owners generally impacted by the proposal, in which all property owners are given the opportunity to comment.

IF I RECEIVE NOTICE, AM I OBLIGATED TO ATTEND A PUBLIC HEARING?

Again, a public hearing is an opportunity given to surrounding property owners to provide input and comments on any given development. It is not mandatory to attend.

IF I MAKE AN APPLICATION FOR A PUBLIC HEARING, HOW LONG DOES IT TAKE TO HAVE AN ANSWER?

The answer to this question may vary depending on the type of application. If you are expecting Conditional Use or Site Plan approval from the Village Council or a Variance from the Zoning Board, you will have to wait until a decision is made to proceed with a building permit application and before a building permit is issued. This process could take up to three (3) months from the moment a complete application is submitted. See critical dates schedule on [page 8](#) for more information.

WHAT IS A PLAT?

A plat is simply a legal division of land which further subdivides one parcel into two or more lots, pursuant to the minimum dimensional requirements of the LDRs.

The Village's LDRs can also be accessed from the Village's home page at www.pinecrest-fl.gov.

In this handbook you will find:

- Article 3: Development Approval Procedures
- Division 3.3: Conditional Use Approval
- Division 3.4: Site Plan Approval
- Division 3.5: Variances
- Division 3.6: Amendment(s) to the Official Zoning Map or the Text of the Land Development Code
- Division 3.7: Amendment to the Comprehensive Master Development Plan (CMDP)
- Article 8: Platting

II. Applications and the Development Review Process

The applications for the processing of development reviews under the authority of the Planning Division are listed below.

Type of Application	Staff Review	Development Review Team (DRT) ¹	Zoning Board	Village Council	Miami Dade County	SFRPC ²	DCA ³	Estimated time frame/ In months ⁴
Change in Zoning District (Rezoning) ⁵	√	√		√				3
Small Scale Comprehensive Plan Amendment	√	√		√			√	6
Comprehensive Plan Amendment	√	√		√	√	√	√	12
Conditional Use	√	√		√				3
Variance	√		√	√ ⁶				3
Administrative Site Plan	√	√						0.5
Site Plan	√	√		√				3
Ordinance Amendment	√	√		√				3

Summary of the Planning Division Development Review Process:

The following flow chart provides an overview of the review process for applications that require public hearing consideration. Please note that both Village Council and Zoning Board public hearing processes are identical.

¹ Development Review Team or DRT is an informal meeting with Department Heads to go over developmental issues that affect building, police, and public works. Other affected agencies include DERM, SFWMD, and the Miami-Dade County Fire Department.

² SFRPC: South Florida Regional Planning Council

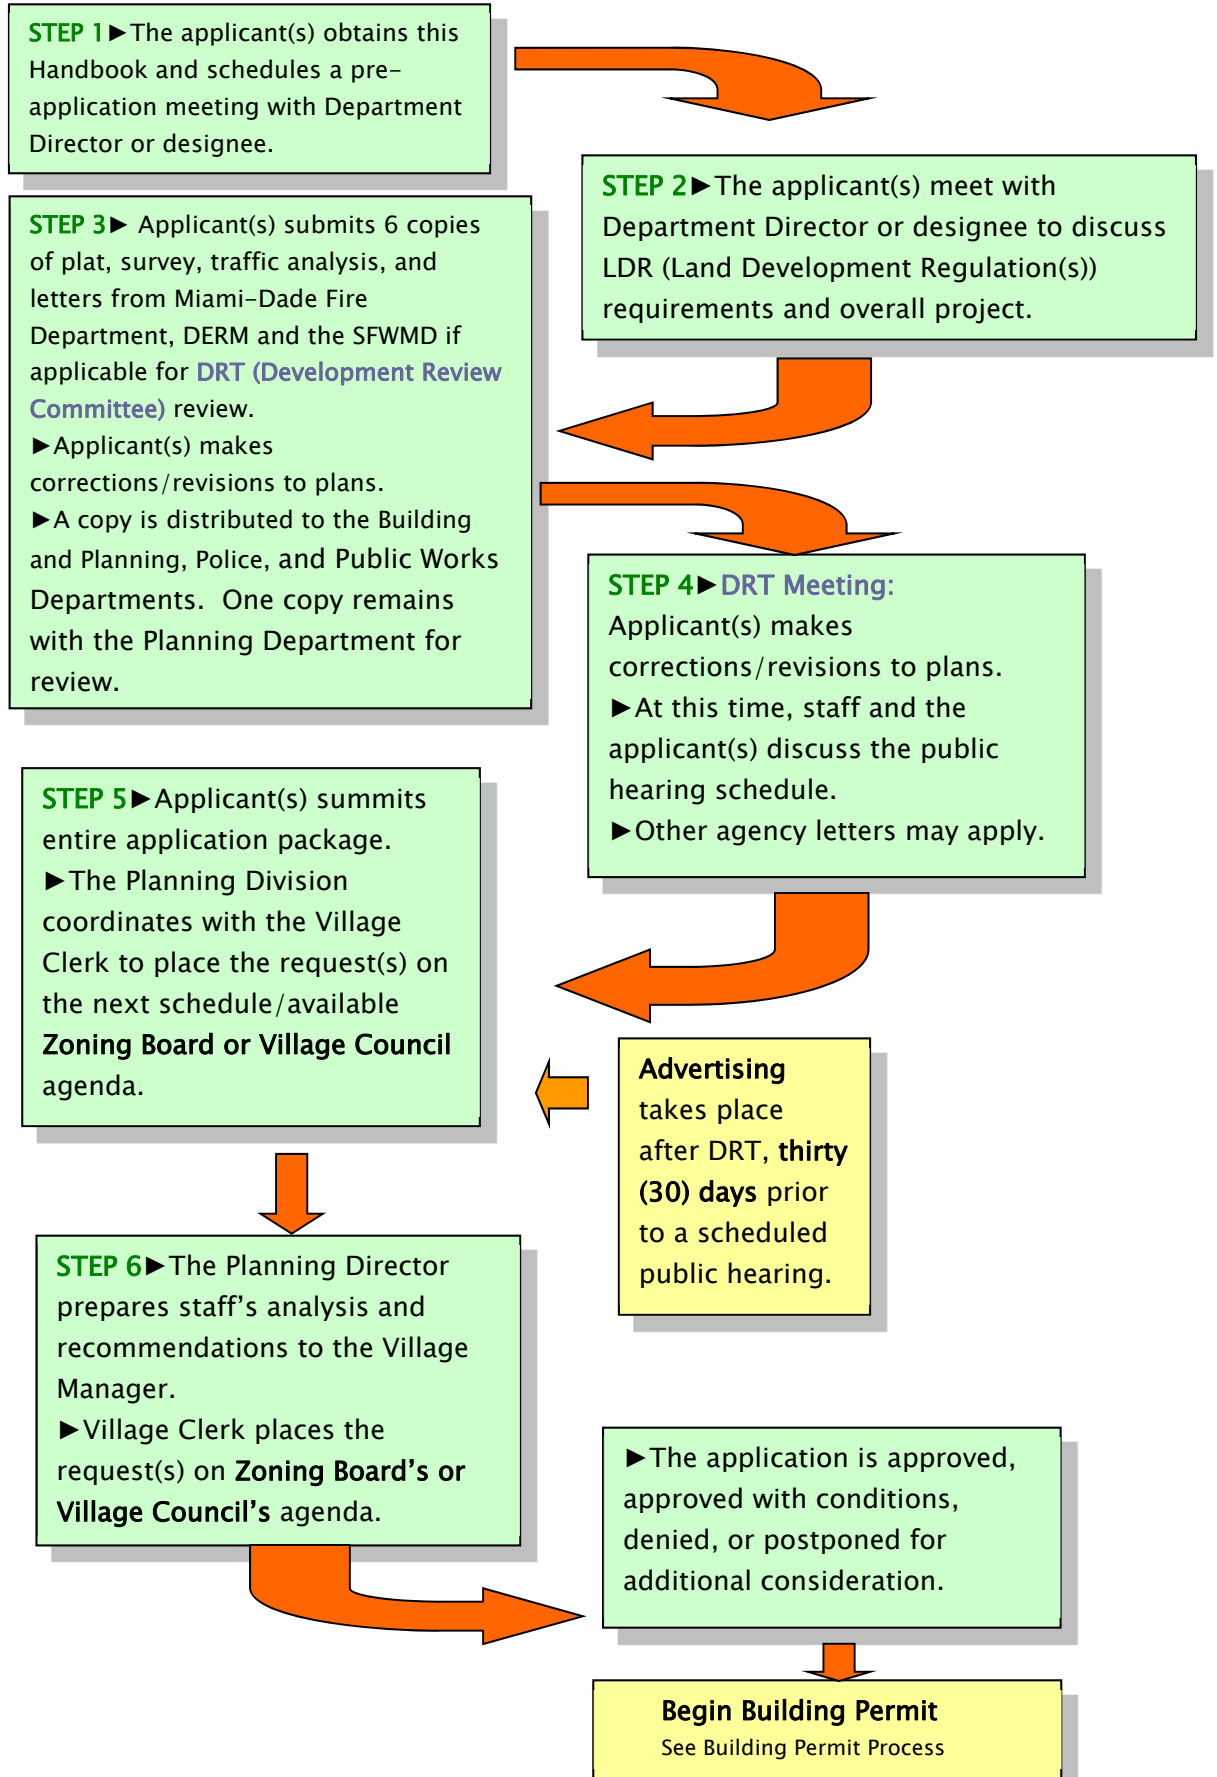

³ DCA: Department of Community Affairs

⁴ For more information about time schedules, please go to page 6.

⁵ Rezoning applications also require a Comprehensive Plan Amendment. A rezoning will not be in effect until submission and approval of the Comprehensive Plan amendment.

⁶ The Village Council would consider granting variances to the parking and flood regulations pursuant to Division 2.1 of the Village Land Development Regulations.

Going to the Village Council? Or Going to the Zoning Board? The Process is the same...

TBD - To be determined by Planning Director - depending on type of application
DRT (Development Review Team)

Note: Dates are subject to change depending on the complexity of the applications
ADVERTISING WILL NOT BE DONE UNTIL IT IS DEEMED, BY THE PLANNING DIRECTOR, THAT THE APPLICATION IS COMPLETE AND THAT ALL PRESENTATION MATERIALS ARE IN THE POSSESSION OF THE PLANNING DIVISION PRIOR TO THE ABOVE MENTIONED ADVERTISING DATE

Footnote¹: All traffic analysis/studies, letters, permits and/or approvals from Miami Dade County agencies must be submitted prior to drafting Staff's report.

Revised as of: 1/13/2021

PUBLIC HEARING APPLICATION INSTRUCTIONS

1. Fill out the application⁷ (application forms that are not completely filled out will not be accepted).
2. Prepare a letter of intent, which should address in full detail the extent of the application (see type of application below).
3. Submit an up-to-date signed and sealed as-built survey including trees.
4. Site plan (including applicable easements, preliminary reviews from Miami-Dade County Fire Department, DERM, South Florida Water Management, etc.).
5. Provide letter of authorization from owner, if a different applicant is processing application.
6. Owner/Agent must sign application.
7. Photographs (optional, but suggested).
8. Letters of support from area residents (optional, but highly recommended in some cases).
9. One (1) sealed set of plans to scale PLUS twelve double sided copies of all documents, plans, surveys, photographs, etc. Paper size shall not be larger than 11"x17".
10. Fee for each application (see fee schedule on page 14).
11. The assigned Planning Division staff must review all applications to determine acceptability. No application shall be accepted unless it is complete.

⁷ For Public Hearing Applications, see appendix.

12. All applications and all supplemental information must be filed no later than ninety (90) days prior to the Village Council or Zoning Board meeting date.

III. If you are applying for a Conditional Use, then your application must meet the following criteria...

Division 3.3(c) of the Land Development Regulations (LDRs) states that a conditional use shall be permitted upon a finding by the Village Council that the proposed use, application, and site plan comply with the criteria outlined below. A conditional use shall be denied if the Village determines that the proposed use does not meet the criteria or is adverse to the public interest. The applicant shall demonstrate the following:

1. Land Use Compatibility. The conditional use, including its proposed scale and intensity, traffic generating characteristics, and off-site impacts shall be compatible and harmonious with adjacent land uses and shall not adversely impact land use activities in the immediate vicinity.

2. Sufficient Site Size, Site Specifications, and Infrastructure to Accommodate the Proposed Use. The size and shape of the site, the proposed access and internal circulation, and the urban design must be adequate to accommodate the proposed scale and intensity of conditional use requested. The site shall be of sufficient size to provide adequate screening, buffers, landscaping, open space, off-street parking, efficient internal traffic circulation, infrastructure and similar site plan improvements needed to mitigate against potential adverse impacts of the proposed use.

3. Compliance with the Comprehensive Master Development Plan and Land Development Code. The conditional use and site plan shall comply with environmental, zoning and other applicable regulations of the Land Development Code, and shall be consistent with the Comprehensive Development Master Plan.

4. Proper Use of Mitigative Techniques. The conditional use and site plan shall incorporate mitigative techniques needed to prevent adverse impacts to adjacent land uses. In addition, the design scheme shall appropriately address off-site impacts to ensure that land use activities in the immediate vicinity, including community infrastructure, are not burdened with adverse impacts detrimental to the general public health, safety and welfare.

5. Hazardous Waste. No conditional use which generates hazardous waste or uses hazardous materials shall be located in the Village unless the specific location is consistent with the Comprehensive Development Master Plan, Land Development Code, and does not adversely impact wellfields, aquifer recharge areas, or other conservation resources, as may be applicable now or in the future. The proposed use shall not generate hazardous waste or require use of hazardous materials in its operation unless the Village Council approves conditions requiring mitigative techniques designed to prevent any adverse impact to the general health, safety and welfare. The plan shall provide for

appropriate identification of hazardous waste and hazardous material, and regulate its use, storage and transfer consistent with best management principles and practices.

IV. If you are applying for an Administrative Site Plan, then your application must contain the following information...

Division 3.4 of the Village of Pinecrest Land Development Regulations (LDRs) outlines the information that is required when submitting a site plan. A site plan submittal must include, but is not limited to, the following:

- 1) Survey (showing all existing structures, trees, and utilities)
 - 2) Traffic Study
 - 3) Site Plan (showing numbered parking, all dimensions, buffers, etc.)
 - 4) Preliminary reviews from Miami-Dade County Fire and DERM
 - 5) Landscape and irrigation plans, pursuant to Division 6
 - 6) Lighting plan
 - 7) Building elevations
 - 8) Certificate of Landscape Compliance
 - 9) Paving and Drainage plans (for Public Works use)
-

V. If you are applying for Site Plan Approval by the Village Council, then your application must include all of the above site plan information and follow the public hearing process outlined on page 8.

VI. If you are applying for a Variance from the Zoning Board, then your application must meet all seven (7) criteria pursuant to Division 3.5(f) of the Village's Land Development Regulations (LDRs), and follow the public hearing process (see page 5). Please note that variance requests for parking and/or flood related issues must be approved by the Village Council. The applicant(s) must write a letter of intent to the Village demonstrating that the request meets the following:

1. Variance Consistent with Authorized Powers.

The first criterion that an applicant has to satisfy is that the variance is in fact a variance as set forth in the Land Development Code and within the province of the Board or Village Council, as applicable, based upon the opinion of the Village Attorney.

2. Existence of Special Conditions or Circumstances.

The second requirement is that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district.

3. Conditions Not Created by Applicant.

This third condition requires that the special conditions and circumstances of this property do not result from the actions of the applicant.

4. Special Conditions not Conferred.

That granting the variance requested will not confer on the Applicant any special privilege that is denied by this Land Development Code to other lands, buildings, or structures in the same zoning district.

5. Hardship Conditions Exist.

That literal interpretation of the provisions of this Land Development Code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the Land Development Code and would work unnecessary and undue hardship on the applicant.

6. Only the Minimum Variance Granted.

That the variance granted is the minimum variance that will make possible the reasonable use of the land, building, or structure.

7. Not Injurious Public Welfare or Intent of the Land Development Code.

That the granting of the variance will be in harmony with the general intent and purpose of the Comprehensive Development Master Plan and this Land Development Code and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

Also, the application must be accompanied by the information outlined on page 6 above –under public hearing application instructions.

VII. If you are applying for **Amendment(s) to the Official Zoning Map (Rezoning) or the Text of the Land Development Code**, then your application must contain the information required by Division 3.6 of the Land Development Regulations (LDRs) and follow the public hearing process outlined on [page 5](#).

a) Division 3.6 requires the following:

1. A statement identifying the text or map area proposed to be amended.
2. An explanation/description of the proposed amendment including size of property and dimensions.
3. An explanation of the need and justification for the proposed change.
4. The application shall also include the following:
 - a) A legal description and a description by street address of the property whose zoning designation is proposed to be changed.
 - b) Current and proposed Comprehensive Development Master Plan Land Use Map designation for the subject property.
 - c) The existing and proposed zoning designation for the subject property.
 - d) The existing and proposed use of the subject property, if applicable.
 - e) A verified statement showing each and every individual person having a legal or equitable ownership interest in the property upon which the amendment is sought. In the case of publicly held corporations, the names and addresses of the principal corporate officers, directors and any shareholder owning more than ten percent (10%) of the interest in the corporation shall be disclosed.

(b) Process and Criteria for Review. All proposed amendments, regardless of the source, shall be evaluated by the Administrative Official (in this case, the Planning Director or designee), the Local Planning Agency and the Village Council. In evaluating proposed amendments, the Village Council shall consider the following criteria:

1. Whether the proposal is consistent with the Comprehensive Development Master Plan, including the adopted infrastructure minimum levels of service standards and the concurrency management program.
2. Whether the proposal is in conformance with all applicable requirements of the Code of Ordinances, including the Land Development Code.
3. Whether, and the extent to which, land use and development conditions have changed since the effective date of the existing regulations, and whether such changes support or work against the proposed change in land use policy.
4. Whether, and the extent to which, the proposal would result in any incompatible land uses, considering the type and location of uses involved, the impact on adjacent or neighboring properties, consistency with existing development, as well as compatibility with existing and proposed land use.
5. Whether, and the extent to which, the proposal would result in demands on transportation systems, public facilities and services, exceeding the capacity of such facilities and services, existing or programmed, including transportation, water and wastewater services, solid waste disposal, drainage, recreation, education, emergency services, and similar necessary facilities and services.
6. Whether, and to the extent to which, the proposal would result in adverse impacts on the natural environment, including consideration of wetland

protection, preservation of groundwater aquifer, wildlife habitats, and vegetative communities.

7. Whether, and the extent to which, the proposal would adversely affect the property values in the affected area, or adversely affect the general welfare.
8. Whether the proposal would result in an orderly and compatible land use pattern. Any positive and negative effects on such pattern shall be identified.
9. Whether the proposal would be in conflict with the public interest, and whether it is in harmony with the purpose and intent of this Land Development Code.
10. Other matters which the Local Planning Agency or the Village Council in its legislative discretion, may deem appropriate.

(c) Final Action by the Village Council. The applicant will be advised of the time and place of the Village Council hearings. The notice and hearings on the proposed amendment shall be provided pursuant to this Land Development Code and the Florida Statutes. After the necessary public hearing(s), the Village Council shall take action to deny or approve the application, or approve it with modifications or conditions. If denied, the applicant may resubmit the application after a period of one (1) year from the denial.

(d) Official Zoning Map. Each amendment to zoning district boundaries or other zoning requirement as portrayed on the Official Zoning Map will be entered by the Planning Division promptly after the amendment has been approved by the Village Council.

VIII. If you are applying for **Amendment(s) to the Comprehensive Master Development Plan (CMDP)**, then your application must contain the information required by Division 3.7 of the Land Development Regulations (LDRs) and follow the public hearing process outlined on [page 5](#).

- a) The application shall contain at least the following information:
 1. A statement identifying the section proposed to be amended.
 2. An explanation of the text of the amendment desired including size of property and dimensions.
 3. An explanation of the need and justification for the proposed change, including the data and analysis that supports the amendment.
 4. An explanation of the how the proposed amendment meets the requirements of Chapter 163.3161, et seq., "The Local Government Comprehensive Planning and Land Development Regulation Act."

- b) For an amendment to the Future Land Use Map, the application shall also include the following information:
 1. A legal description and a description by street address of the property whose land use designation is proposed to be changed.
 2. Current and proposed Future Land Use Map designation for the subject property.
 3. The existing and proposed zoning designation for the subject property.
 4. The existing and proposed use of the subject property, if applicable.
 5. A verified statement showing each and every individual person having a legal or equitable ownership interest in the property upon which the amendment is sought. In the case of publicly held corporations, the names and addresses of the principal corporate officers, directors and any shareholder owning more than ten percent (10%) of the interest in the corporation shall be disclosed.

Process and Criteria for Review

All proposed amendments, regardless of the source, shall be evaluated by the Administrative Official, the Local Planning Agency and the Village Council. If the amendment is proposed by the Village, the Administrative Official shall prepare the necessary information for the amendment to be reviewed pursuant to the requirements of Chapter 163.3161, et seq., "The Local Government Comprehensive Planning and Land Development Regulation Act."

In evaluating proposed amendments, the Village Council shall consider the following criteria:

1. Whether the proposal is internally consistent with the Comprehensive Development Master Plan, including the adopted infrastructure minimum levels of service standards and the concurrency management program.
2. Whether, and the extent to which, land use and development conditions have changed since the effective date of the existing Comprehensive Development Master Plan, and whether such changes support or work against the proposed amendment.
3. Whether, and the extent to which, the proposal would result in any incompatible land uses, considering the type and location of uses involved, the impact on

- adjacent or neighboring properties, consistency with existing development, as well as compatibility with existing and proposed neighboring property land use.
4. Whether, and the extent to which, the proposal would adversely affect the property values in the affected area, or adversely affect the general welfare.
 5. Whether the proposal would result in an orderly and compatible land use pattern. Any positive and negative effects on such pattern shall be identified.
 6. Whether the proposal would be in conflict with the public interest, and whether it is in harmony with the purpose and interest of the Comprehensive Development Master Plan.
 7. Whether the proposed amendment meets the requirements of Chapter 163.3161 et seq., Florida Statutes.
 8. Other matters which the Local Planning Agency or the Village Council, in its legislative discretion, may deem appropriate.

Final Action by the Village Council

The Applicant shall be advised of the time and place of the Village Council hearings. The notice and hearings on the proposed amendment shall be provided pursuant to Florida Statutes. After the necessary public hearing(s), the Village Council shall take action to deny or approve the application, or approve it with modifications or conditions for purposes of transmittal to the Florida Department of Community Affairs pursuant to the Florida Statutes.

1. If denied, the Applicant may resubmit the application after a period of one (1) year from the denial.
2. If approved for purposes of transmittal, the Village shall thereafter provide the necessary administrative support for the state review process required under Chapter 163.3161, et seq., "The Local Government Comprehensive Planning and Land Development Regulation Act." The Village Council shall have the legislative discretion to adopt, adopt with conditions, or not adopt the amendment once the state review process has been completed.

IX. If you are applying for **Plat Approval**, then your application must contain the information required by Division 8 of the Land Development Regulations (LDRs) and follow the public hearing process outlined on **page 17**. The Platting process is depicted in the 10-step flowchart below.

PRELIMINARY PLAT:

STEP 1 ▶ The applicant(s) obtains this Handbook and schedules a pre-application meeting with Department Director or designee.

STEP 2 ▶ The applicant(s) meets with Department Director or designee to discuss Preliminary Plat requirements.

STEP 3 ▶ Applicant(s) submits 6 copies of plat, survey, traffic analysis, letters from Miami-Dade Fire Department, DERM, and the SFWMD if applicable for the Development Review Team or DRT to review.

- ▶ Preliminary Plat must contain the required information pursuant to Division 8, Table XIX-A of the Village's LDRs.
- ▶ Applicant(s) makes corrections/revisions to plans, obtains.
- ▶ A copy is distributed to the Building, Police, and Public Works Departments. Three copies remain with the Planning Department for review.

STEP 4 DRT Meeting: Applicant(s) makes corrections/revisions to plans, if applicable.

- ▶ At this time, staff and the applicant(s) discuss the public hearing schedule.
- ▶ Other agency letters may apply.

Advertising takes place after DRT, **thirty (30) days** prior to a scheduled public hearing.

STEP 5 ▶ Applicant(s) submits entire application package.

- ▶ Village Clerk places the request(s) on the next schedule/available **Village Council** agenda.

STEP 6 ▶ The Planning Director prepares staff's analysis and recommendations to the Village Manager.

STEP 7 ▶ The application is approved, approved with conditions, denied, or postponed for additional consideration.

- Take Preliminary Plat to Miami-Dade County Plat Committee; then,
- Begin Final Plat Process, or
- Go to Miami-Dade County for Recording if Final Plat was approved.

FINAL PLAT:

STEP 8 ▶ The applicant(s) schedules a meeting with Department Director or designee to discuss final plat.

STEP 9 ▶ The applicant(s) meet with Department Director or designee to discuss Final Plat.

STEP 10 ▶ The Department Director or designee supplies a copy of the Final Plat to a Professional Surveyor to review for compliance with Chapter 177 F.S.

ZONING AND PLANNING FEES

ITEM	FEE
I. COUNCIL	
Comprehensive Master Plan Change	6,240.00
Zoning change to Residential or to Districts within Residential	3,744.00
Zoning change to Non Residential	6,240.00
Conditional Use Residential	1,144.00
Conditional Use Non Residential	3,120.00
Modification of Resolutions / Covenants / Development Orders	1,872.00
Appeal Zoning Board Decision to Council – Residential (to be submitted within 14 days of Zoning Board decision)	936.00
Appeal Zoning Board Decision to Council – Non Residential	936.00
Variance Residential (Parking & Flood)	1,456.00
Variance Non Residential (Parking & Flood)	2,080.00
Public Hearing Private School, House of Worship, Congregate Living Facilities, Nursing Homes and Convalescent Homes	Conditional Use
Site Plan Review	3,328.00 Plus \$575.00 per acre and \$230.00 / 10 units or portion thereof or \$230.00 / 5,000ft ² or portion thereof Note: Exceptions for Site Plan Review are Listed under Division 3.2(b) of the Village of Pinecrest LDRs.
Amendment to Approved Site Plans	1,560.00
Government Facility (Conditional Use Non-Residential)	1,500.00
Subdivision / Plat Pre-Application	975.00
Subdivision / Plat Preliminary	1,768.00 plus \$115 / lot
Subdivision/Plat Final	1,248.00
<p>*Plus amount of direct charges for surveyor review Note: <u>Additional funds necessary for all direct costs associated with the review of a petition or permit application shall be collected at the time of application including advertising, legal surveyor, transportation consulting, consultant and/or other direct outside costs.</u> When deemed appropriate by the administrative official the applicant shall, at the time a submittal is made, provide an initial preliminary deposit which shall be credited toward the fee charged for application review and processing, and shall pay additional deposits as may be required from time to time. See Chapter 30, Division 3.1 of the Village Code.</p>	

II. ZONING BOARD	
Variance Residential Non-Use Commercial Non-Use	988.00 each (Setbacks, F.A.R., Landscape) 1,664.00
Sign Variance	936.00
Appeals to Administrative Decision	728.00
<p>Note: <u>Additional funds necessary for all direct costs associated with the review of a petition or permit application shall be collected at the time of application including advertising, legal surveyor, transportation consulting, consultant and/or other direct outside costs.</u></p> <p>When deemed appropriate by the administrative official the applicant shall, at the time a submittal is made, provide an initial preliminary deposit which shall be credited toward the fee charged for application review and processing, and shall pay additional deposits as may be required from time to time. See Chapter 30, Division 3.1 of the Village Code.</p>	

FEE	PROPOSED
III. ADMINISTRATIVE REVIEW	
Site Plan Review	2,184.00 plus \$575.00/acre and \$230.00 / 10 units or portion thereof or \$230.00 / 5,000ft ² or portion thereof Note: Exceptions for Site Plan Review are Listed under Division 3.2(b) of the Village of Pinecrest LDRs
Each Addition Revision	1,196.00 each revision
Amendment to Site Plan	1,300.00
Temporary Sidewalk Sale Permit	208.00
Tree Removal / Relocation Permit	156.00 first three trees 30.00 Each additional 52.00
Contribution to Tree Trust Fund	400.00 / tree= 14 foot, 3 inch diameter shade tree
Vacation Rental Registration and Inspection Vacation Rental Registration (New)	832.00

Vacation Rental Registration – Annual Renewal	624.00
Vacation Rental – Annual Compliance Inspection	416.00
Zoning Verification Letter	156.00
Code Compliance Search Letter	156.00
Advisory Letter / Memorandum regarding Applicable codes, Interpretations, etc.	208.00
Zoning Plan Review (applied to applicable permit applications that requires review for compliance with the zoning and land development regulations)	104.00 minimum Or 0.13 per sq. ft. of gross floor area, whichever is greater

Drop-Off Permits

All other permits and/or plans are considered "Drop-Off Permits/Plans". The Village may take up to twenty (20) working days for initial plan review depending on the complexity of the project. A processing number will be assigned to each application when it is dropped off. When the review is complete, the applicant will be notified that the permit is ready or that revisions need to be made to the plans. Once the applicant is notified, they must come in to pick up the permit/plans between the hours of 11:00 a.m. through 2:00 p.m.
